design + fabrics:

Only the finest quality fabrics have been used for our collection. As a guide superior cotton spandex has been used for all tops and dresses. For the leggings, yoga pants, capris and obsession skirt we have used buttery soft viscose elastane. These styles come with a comfortable soft foldover waistband that can be worn over or underbelly.

The sleek aspire banded shorts and envision capris are made from stretch 95% cotton drill and 5% elastane. The fabulous treasured wide leg relaxed pants are made from a mix of viscose 35%, polyester 60% and spandex 5% that drape beautifully – perfect for work! The leg inseam measures 32 inches but the cuff can be easily let down for taller women adding approximately 2 inches to the inseam. These styles come with a hidden adjustable button stretch waistband that can be worn overbelly or adjusted to sit underbelly.

Our luxurious sleepwear range is made from modal elastane – beautiful soft breathable fabric that's soft on the skin - just perfect for dreaming.....

care/wash:

Please wash with like colours and preferably use a laundry bag to maintain your lovely clothes. Please follow the washing instructions on the satin tag attached to the inseam of your garment.
